

HUBBARDS LANE IMPROVEMENTS

There were several options of geometry presented at the initial public meeting at Trinity HS. Based upon the input received from the survey, the design team is leaning to a single lane each direction, a center turn lane, bicycle lanes, and curbed roadway with a closed drainage system (no open ditch). There has also been some discussion on Facebook and Nextdoor about the concerns related to the loss of front yards and turnarounds. I have shared these concerns with the Louisville Metro project manager, and have recommended no loss of turnarounds, and consideration of turnarounds at every drive.

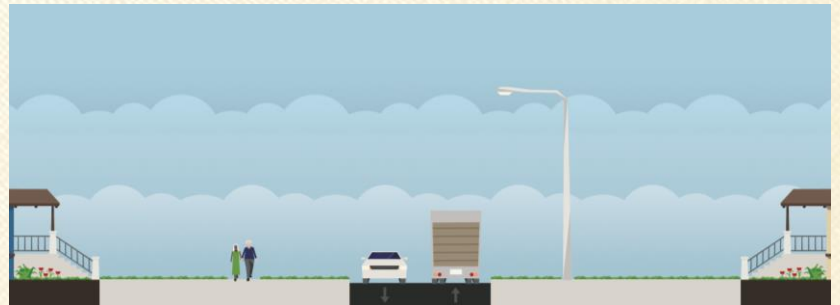

Additionally, I have recommended that the sidewalks be placed at the back of the curb to minimize losses to the front yards. In the following images, I have attempted to provide before and after images to relay the impacts of the widening.

AREA CRIMES

PATROLS HAVE BEEN CONTINUED FROM LAST YEAR AND THERE HAS BEEN NO RECENT CRIMES REPORTED WITHIN THE CITY.

I ENCOURAGE EVERY RESIDENT TO JOIN NEXTDOOR RICHLAWN, AT NEXTDOOR.COM. THIS ONLINE GROUP IS JUST FOR RESIDENTS OF RICHLAWN AND IS A GOOD WAY TO MEET YOUR NEIGHBORS. SIMPLY INPUT YOUR ADDRESS AND RICHLAWN WILL BE IDENTIFIED.

THE MORE WE WATCH OUT FOR EACH OTHER, THE SAFER WE WILL BE!

HUBBARDS LANE IMPROVEMENTS, cont.

ON the west side of Hubbards Lane, with the sidewalk at the back of curb, the new sidewalk will be approximately two (2) feet closer to the street, and roughly one (1) foot higher in elevation. This will require driveways to be reshaped, but should have minimal impacts to trees. The trees that are impacted will be replaced with a large canopy tree as recommended by the City of Richlawn. On the east side of Hubbards Lane, the new sidewalk will be just outside of the power poles, closer to your house. This will keep the impacts balanced between each side of the street.

If you would like to learn more, visit www.hubbardslane.info.

Dirk Gowin, Commissioner

PROPERTY IMPROVEMENTS

Certain property improvements may need a permit from Louisville Metro as well as from Richlawn. Please contact Roger Rymarz with any questions; 314-5528; r_rymarz@bellsouth.net.
