Tom and Pat Scott purchased their charming Richlawn home in 1979 from our City Attorney, Steve Porter and his family. They love the character and charm of their home and the feel of the Richlawn neighborhood. Pat said that she loves the neighbors and the convenience to all of the activities she and Tom enjoy. Tom, retired from a career in advertising, enjoys weekly golf at Seneca and watercolor painting. You may even catch him hitting golf balls around in his yard this spring! He also teaches watercolor painting with the Kentucky Watercolor Society (KWS), of which he is a founding member. Pat enjoys yard work, her family and singing in her church choir.

Tom and Pat have three grown children, Tom, Beth and Pam, who all live in town. “MiMi” and “PoPo” have 6 wonderful grandchildren and 5 great-grandchildren. Two more great-grandchildren will be born later this year! Pat told a story about her mother, Alpha, who had visited the City of Richlawn for the home tour in about 1941. She loved Richlawn’s character and beautiful houses and she dreamed of owning a home here. Years later, after Alpha suffered a fall, Pat took care of her and moved her into her home on Heady Avenue. Finally, Pat’s mom had a chance to live in the City of Richlawn.

Please reach out to Tom and Pat Scott the next time you’re walking in our beautiful city and greet them. They are a wonderful example of the neighbors we are blessed to have in the City of Richlawn!

New Signs Coming to Richlawn

This spring, we will have seven new signs added to the City of Richlawn. Five of the signs will be placed at each entrance of the neighborhood to serve as a reminder that there is no parking on the street between 2-6 a.m. The other two signs will be along Ledyard Road to remind us that there is to be no parking along Lang Field. These will be nice, framed, reflective white signs with black lettering. They will be installed this spring and will be a good reminder of the newly amended City ordinances.
